

The future of service is electric.

Join Rivian's paid technician training program. Start your career as an Electric-Vehicle Service Technician.

Program Expectations

- Earn while you learn the cutting edge of EV technology.
- A 24-week intensive (40+ hours/week) covering class and on-the-job training.
- Work alongside Rivian service technicians on high-priority vehicle repairs and diagnostics.
- Maintain an 80% passing grade and 90% attendance across all labs and exams.
